

Words of the Month

Be cautious when working on familiar job.

Management Dept.

Prevention Measures against the Coronavirus

The massive infection that occurred in Hamamatsu has eased, and the number of new positives has decreased. However, the situation still remains uncertain. Always try to maintain basic preventive measures, such as washing your hands, gargling and wearing a mask, in addition to avoiding “3 mitsu.”

At workplace, follow the company's prevention measures. Be aware of your physical condition. If you feel any discomfort, immediately notify your Shin-Ei staff or your workplace leader. In your personal life, avoid going out when not necessary, especially events or parties with many people. Also, avoid going outside the Shizuoka prefecture. If you really need to visit other prefectures, you need to think about what to do next when you return.

Due to the spread of the coronavirus, the lifestyle changed completely. All of us are forced to live with less freedom. You need to try not to get infected, and you also need be cautious not to infect other people. Let's overcome this difficult time together.

Message from Futuro

Do you know anyone going through difficult time like below?

“I can't hold a job for a long time.” “I have stayed home for a long time. I want to go back to work, but I'm afraid.” “I have disability, but I want to work.”

In the Futuro, you can have a social rehabilitation program while doing easy low-paying job called Naisyoku. For more information, contact our staffs in Futuro. TEL: 053-488-7007 (Portuguese OK)

The Annual Health Check

SHIN-EI SOGO SERVICE's annual health check will be held on October 10, 17 and 24, 2020 (all in the Saturday morning). For the coronavirus prevention, it is mandatory to wear a mask and socks at all time. We also control the number of people entering our office to avoid the crowdedness. Make sure to fill in the medical questioner beforehand.
