

Words of the Month

Let's give a cheerful greeting (AISATSU)! Mgmt. dept.

About new coronavirus infection

Q. Why should I be careful in restaurants?

A. Everyone removes the mask when eating or drinking, which increases the risk of infection. The new coronavirus infection is transmitted by the droplets (cough, sneeze, brim, etc.) of the infected person during conversation. If you want to eat at the restaurant, we recommend going with the family you live with. The family is always in close contact. Therefore, eating together at the store does not increase the chance of infection.

Q. What are the 3 points you should be aware of when going to a restaurant?

- A.
- Keep at least 1 meter away from people
To keep your distance, sit on the opposite diagonal, avoiding the front as much as possible.
 - Don't talk while eating
To reduce conversations, go to restaurants with a small number of people and in a short time.
 - Put on the mask after eating
Do not speak without the mask. Wear the mask up to your nose.

Installment of Automobile Tax

~Message from SINCERO~

Automobile tax is required to be paid by the "vehicle owner on April 1" each year. Basically, you must pay the tax in a single installment based on the notice sent in early May, but you may be in a situation where it is difficult to pay the tax due to a disaster, leave, unemployment, etc.

In this case, if you meet the following conditions, in accordance with [Article 15 of the Local Tax Law](#), payment of the tax may be postponed and paid in installments within up to one year.

- When a property is damaged by a disaster (earthquake, storm, flood, fire, etc.) or stolen
- When the taxpayer or relatives who provide financial support are sick or injured
- When business is abolished or suspended
- When the company suffers a significant loss
- When there are other facts similar to the above

However, the day after the due date, that is, the number of days from June 1 until the day the car tax is paid, is counted as the number of days past due, and a delay in payment with based on the tax amount will be incurred.

Overdue amount = tax amount x number of days overdue x proportional amount of delay ÷ 365 days

In addition, although the tax is basically paid in a single installment, if you choose to pay by credit card, the amount deducted from your account will be divided by defining the number of divisions of the credit company. Go to the "Yahoo Payment" website and use the "payment number" and "confirmation number" in the automobile tax payment notice sent by the city hall to complete the payment procedure.
