Coronavirus Prevention

As of August 20, the state of Shizuoka was included in the State of Emergency. The number of people infected with coronavirus in Hamamatsu is increasing and there is concern that hospitals will be overcrowded. You may feel tired or unmotivated when you can't see goals, but let's continue with infectious disease measures to protect your life and those around you.

- Wear a mask, wash your hands, and disinfect your hand
- Avoid leaving unnecessarily (especially to other states)
- Avoid meeting and dining with people other than the family you live together

For you who are thinking of buying a car

~Netz Toyota ShizuHama Sun Street Loja Hamakita **WATANABE HISASHI**~

My parents are Japanese Brazilians. When I was little, I was discriminated against and sometimes wondered why I wasn't Japanese, but now I am grateful to my parents. I spend every day realizing how wonderful it is to be able to speak two languages and how wonderful it is to have Brazilian blood. I chose this job because I wanted to help everyone who is working hard in Japan.

I think I can give back even a little by selling the "car" that Brazilians love. So everyone, please let me help you. Those who want to buy a new Toyota (Daihatsu) car, those who want to buy a domestic used car, those who are uncertain whether they can get a loan, car maintenance (shaken), car insurance, etc., please feel free to contact me. Currently, many people are paying high interest rates to buy a car. You can buy a new car with a monthly payment of 30,000 to 40,000 yen! Contact us! I will give all support in Portuguese.

Annual Health Check

SHIN-EI's annual health check will be held on October 9, 16 and 23, 2021 (all in the Saturday morning). For the coronavirus prevention, **IT IS MANDATORY TO WEAR A MASK AND SOCKS AT ALL TIME**. We also control the number of people entering our office to avoid the crowdedness. Make sure to fill in the medical questioner beforehand.
