

Words of the Month

Don't put off until tomorrow what you can do today

(Mgmt. Dept.)

Measures we can take to prevent the spread of coronavirus

◎ Wash your hands and gargle when you get home

Wash your hands with soap or sanitize your hands when you get home, before and after cooking and before meals.

◎ Wear a mask when you have symptoms such as cough and sneeze

Cover your mouth when you cough or sneeze. If the contaminated hand touches the object as a doorknob, you have a risk of transmitting the virus. Respect the "cough etiquette" rule.

◎ Do not go out unnecessarily and avoid crowded places

Avoid using public transport and places where there is a lot of crowding.

◎ When you are not feeling well or have a fever of 37.5 °, report it to your Shin-Ei's Tantousha

Golden Week Holidays

Shin-Ei office will be closed from April 30th (Saturday) to May 8th (Sunday). We understand that with the long holiday it makes you want to go somewhere, but the COVID-19 it's not over yet. Avoid going out unnecessarily and practice measures to prevent infection to ensure that you are not infected with COVID-19. In addition, you can increase your immunity by maintaining a regular lifestyle, even during the holiday. Please manage your physical condition, rest your body from daily tiredness and start working on a healthy condition after the holiday.

Shin-Ei Hoikuen Graduation Ceremony

The 16th Shin-Ei Hoikuen Graduation Ceremony was held on Saturday, March 26, 2022. This year, 12 children have graduated. Even if you go to elementary school, make many friends and do your best to study and exercise without forgetting what you learned at Shin-Ei Hoikuen.
