

APRIL
2023

Shin-Ei Journal

Mandatory use of helmets

From April 1st, all cyclists, regardless of age or purpose, are required to wear a helmet. Currently, there are no violation points or fines because it is an "obligation to make efforts", but there is a possibility that penalties will be introduced in the future. Please note that if you do not wear it, the police may call you out.

Notification from Sincero

This time of spring is the time when the number of traffic accidents involving new kindergarteners and new students increases. Statistics show that accidents tend to be concentrated between 4:00 pm and 6:00 pm, and there are many accidents due to children popping out of the sudden, so be careful when driving.

Speaking of spring, National Traffic Safety Week will be held for 10 days from May 11th to 20th this year. This is the time when the number of arrests for traffic violations increases, so when you go out, please take it easy and drive safely.

About the Golden Week holidays

Shin-Ei's office will be closed from April 29th (Sat) to May 7th (Sun). Many businesses will be closed during this time. Normally, it is possible to maintain a moderate lifestyle due to the work routine, but this rhythm tends to change during long holidays. Let's take good care of our health and get ready to work after the holidays!
